## Modern Retail Lighting

Light is the art of selling  
Light is attractive  
Light is guiding

Gracion design is as simple as effective with a strong focus on quality of light. When you look at our lamps design you'll truly feel the genuine and inventive spirit of our engineers. Keeping in mind that the most important result is brilliant light, our designers combined elegant designs in rounded lamp bodies with excellent technical performance specifications. So design does not become an end in itself, but follows a clear universal target.

Our lamps will endow your products with grace and passion, enlightening them in the most warm and friendly way.

## Lighting Solutions

we are an international company for quality and energy-efficient lighting technologies. the focus is on the production of the lamps and lichterlebnissen for every industry.the gracion research makes sure that the future of our major in industry.

### Retail

Crafting lighting concepts for retail is a complex task. It involves selecting from a huge range of products and brands and developing the right lighting dramaturgy for them. Other factors that need to be considered include functionality ,energy consumption optimisation,aesthetics and artistry. Dramatic, focused, color-perfect Gracion lighting helps motivate customers as never before.

### Supermarket

The right light makes food shoppers hungry for more.Foodstuffs are not the only everyday products that need to be attractively presented in a supermarket. In the drive for energy efficiency and sustainability, "energy-reduced" lighting concepts and LED solutions are increasingly making a mark.

### Commercial

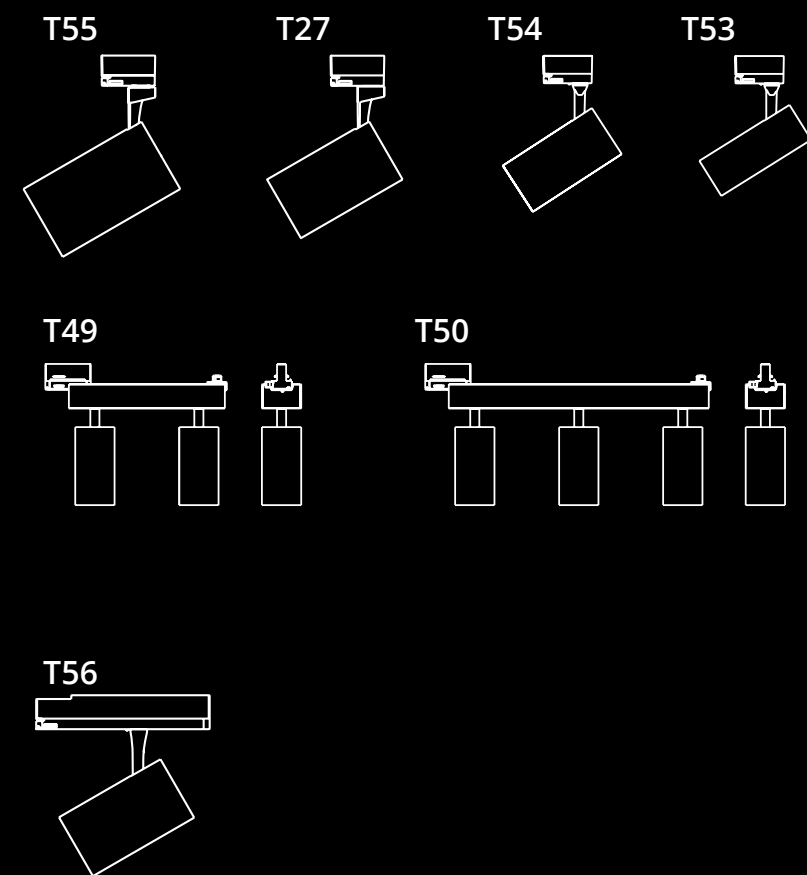

The success of a new boutique depends crucially on concept, interior design and lighting solution. As well as targeted use of general, accent and effect lighting, energy efficiency and economy are increasingly important topics.Measures that can improve the energy balance of a lighting installation also reduce operating costs and thus contribute to commercial success.

### Hospitality

The right light is designed to delight your customers. Gracion hospitality lighting inspires sophisticated, relaxing, tailored hospitality spaces and contributes to simply unforgettable customer experiences.
